  High School
  Completed in 2020

About Me

I'm a frontend developer with 2 years of experience in building responsive and user-friendly websites. I have a strong background in HTML, CSS, and JavaScript, and I'm always looking to stay up-to-date on the latest technologies and best practices. In my spare time, I enjoy tinkering with new frameworks and libraries and sharing my knowledge with the community through open source contributions. I'm passionate about creating engaging and intuitive user experiences, and I'm always looking for new challenges and opportunities to learn and grow as a developer.

Professional Experience

Helene Africa | Frontend Developer
